Professional Summary

Computer Science undergraduate with strong interest in **Software Engineering**. Skilled in Python, C++, SQL, Linux, Git, and AWS fundamentals. Experienced in building AI-based applications, implementing optimization algorithms, contributing to open-source projects, and solving algorithmic problems with strong analytical ability.

Education

Greater Noida Institute of Technology (2023 – 2027)

B.Tech in Computer Science & Engineering

Kapil Muni Children's Academy

Intermediate (2021 – 2022)

Secondary (2019 – 2020)

Technical Skills

Programming Languages: Python, C++, SQL, HTML, CSS

Frameworks & Libraries: Flask, NumPy, Pandas, TensorFlow, STL

Databases: MySQL

Tools & Technologies: Git, GitHub, Linux (Bash), AWS

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Generative AI

Projects

Emotion-Aware Music Player [Github](#)

- Developed an AI-based music recommendation system using real-time facial emotion detection.
- Implemented emotion recognition using OpenCV and DeepFace.
- Designed system pipeline integrating AI-based emotion analysis with personalized music suggestions.

Image Compression Using Genetic Algorithm [Github](#)

- Built an image compression system using genetic algorithm optimization techniques.
 - Implemented selection, crossover, mutation, and fitness evaluation strategies.
 - Improved compression efficiency while maintaining image quality.
-

Certifications

C Programming – E&ICT Academy, IIT Kanpur [E&ICT](#)

OOP with C++ – E&ICT Academy, IIT Kanpur [E&ICT](#)

Achievements

- Published research paper titled “Image Compression Using Genetic Algorithm” [Drive](#)
- Smart India Hackathon: Shortlisted among Top 50 teams out of 400 in college-level internal selection
- Competitive Programming: Solved 60+ problems on LeetCode. [Leetcode](#)
- Open Source Contribution: Contributed to GitHub projects by improving test cases and refining code through community review
- Leadership & Extracurricular: Won multiple dance competitions and mentored peers through choreography
